Residential Internet Access and Telephone Services
Pricing and Services Information Guide

About Pivit

Pivit is a licensed telecommunications carrier providing services to communities across Australia. Pivit's network is based on next generation fibre optic infrastructure that enables video, telephone and broadband Internet access. This document provides pricing and information on the services offered by Pivit. The latest version is always available from Pivit's website (pivit.com.au). Please read this document in conjunction with Pivit's Standard Terms and Conditions.

Residential Internet Access Services

- Pivit's internet access services for residential customers are competitively priced, very high speed broadband internet access services. They are delivered using next generation fibre optic technology.
- Since Pivit's internet access services are delivered using fibre optic infrastructure a telephone connection is not required (like most DSL services), so Pivit customers don't pay for telephone line rental if not required.
- Pivit delivers the service as an Ethernet connection for quick and simple connection to PCs and local area networks. A broadband router is not required but is recommended.
- Pivit provides a number of different internet access plans from entry-level plans for moderate Internet access usage to high volume plans.

Make Your Own Internet Access Plans

Pivit's *Make Your Own* plans allow you the flexibility to choose the components that meet your needs. Choose one option from each plan component, enter the monthly charge in the right-hand column and total the column to calculate your total monthly charge. All *Make Your Own* plans have no excess usage charges.

Step 1 - Choose your plan speed

Plan Components	Component Options with per Month Charge				Enter Monthly Charge Below
⊗ Plan Speed (Download/ Upload)	Up To 25Mbps / 5Mbps Add \$10	Up To 50Mbps / 20Mbps Add \$20	Up To 100Mbps / 40Mbps Add \$30	Up To 200Mbps / 80Mbps Add \$50	

Step 2 - Choose your Monthly data usage plan – (Uploads and downloads)

ⓘ Ⓢ Monthly data usage plan (Uploads & Downloads)	30GB Add \$25	250GB Add \$45	550GB Add \$60	UNLIMITED Add \$80	+
--	------------------	-------------------	-------------------	------------------------------	---

Step 3 - Choose your shaping speed

Ⓢ Shaping Speed	512kbps Add \$0	1Mbps Add \$10	2Mbps Add \$20	+
------------------------	--------------------	-------------------	-------------------	---

Step 4 - Choose to bundle Home Phone

ⓘ Home Phone (with 50 free local calls)	No Home Phone in Bundle Add \$0	Add Home Phone to Bundle Add \$15 (Includes 50 free local calls)	+
---	------------------------------------	--	---

Total Monthly Charge			=
-----------------------------	--	--	----------

Step 5 - Choose the period you would like your services

Contract Period	24 Month Contract \$0	12 Month Contract \$69 (Once-Off Fee)	1 Month Contract \$99 (Once-off Fee)	+
-----------------	--------------------------	--	---	---

Step 6 - Choose Router - Contact our Support Team for more information

Router	Router Required \$99 (Once-Off Fee)	No Router Required \$0	+
--------	--	---------------------------	---

Once -Off Fees			=
-----------------------	--	--	----------

IMPORTANT INFORMATION

An option from each component is required.

A **once-off service establishment charge** applies for telephone and Internet access services see section below.

All plans are invoiced monthly in advance

(1,000,000KB = 1,000MB = 1GB or 1 GigaByte)

ⓘ All MYO plans count data uploads and downloads in the monthly data transfer allocation. All prices shown include Federal Goods and Services Tax (GST). Please note that these MYO plans are **ONLY** available with an automatic payment plan.

⊗ The availability of your chosen speed is subject to a service check at your location. Some premises do not have suitable infrastructure to support your chosen speed. Pivot will confirm if your premises are not suitable at time of installation and support you with available options.

Ⓢ The service is shaped to the chosen shaping speed for the rest of the month after the monthly data transfer allocation is exceeded.

ⓘ Unused local calls do not carry over to the next month.

Shaping Speed: The slowing down of your connection speed is called 'shaping'. Your connection speed may be shaped to 2Mbps, 1Mbps, 512Kbps depending on the plan you are subscribed to. Shaping applies only to the time in which the monthly quota has been exceeded.

Internet Access Service Establishment Charges

A service establishment charge applies to establish a Pivit Internet access service. A lead-in cable (from the street to your premises) needs to be already connected for the service to be established. If a lead-in cable is not already connected to the premises then Pivit can coordinate this installation and will provide a quotation if required.

Service Establishment Charge		Charge
FB24	Fi-Band™ Internet Access service. 24-Month contract. (If an on-site visit is required, an additional charge applies– see below)*	\$0.00 (per service)
FB12	Fi-Band™ Internet Access service. 12-Month contract. (If an on-site visit is required, an additional charge applies– see below)*	\$69.00 (per service)
FB1	Fi-Band™ Internet Access service. 1-Month (No lock in) contract. (If an on-site visit is required, an additional charge applies– see below)*	\$99.00 (per service)
PLEASE NOTE:		
* An on-site visit by a Pivit Technician is required if there has been no previous Pivit Internet access service in the premises (for example, new homes). An on-site visit fee may apply and will be advised before booking.		
* An on-site visit by a Pivit Technician is available if a customer requires assistance in connecting their computer/router to the Pivit infrastructure. An on-site visit fee may apply and will be advised before booking.		
OS1	On-site visit. A Pivit Technician is required at the premises to establish services. (An on-site visit is only charged once if both Internet access and telephone services are established on the same visit).	\$130.00 (per visit)
	PLEASE NOTE: Pivit's Technician will connect and test that a single customer PC can connect to the Internet and that email can be sent and received. Cabling within a customer's premise is the responsibility of the customer.	
PI1	Priority install additional charge. Reduce the standard connection time to 8 business hours or less for in-place connections (where a previous Pivit service has existed). In instances where a Pivit technician is required at the premises to establish services, priority install is considered to be 2 business days or less. Pivit will reallocate resources where possible – this service is subject to availability	\$100.00 (additional charge)
	Router - If you don't currently have a Non-ADSL router, you can purchase one (including delivery).	\$99
	First Connection Fee - If an internet and/or telephone connection has never been established at your premises, a once off \$300 connection fee applies	\$300
All prices shown INCLUDE GST		

Connection Time

The standard connection time for an **in-place connection** (where a previous Pivit Internet access service existed) is two (2) to seven (7) working days from when the completed service activation is received online via the Pivit web site. Add two (2) to four (4) working days for paper based service activations received via fax, email or post.

The standard connection time where there is no in-place connection (no previous Pivit Internet access service existed) is ten (10) working days from when the completed service activation is received online via the Pivit web site. Add two (2) to four (4) working days for paper based service activation forms received via fax, email or post.

Pivit infrastructure must be available to connect services. A lead-in cable along with any internal cabling needs to have been installed and tested prior to Pivit connecting a service.

Changing Plans or Products

Customers can change their plan speed, monthly data allocation or shaping speed.

Changing Plans in the Same Series

Changing plan speed, monthly data allocation or shaping speed **within the same series** (like Pivit Advantage) does not start a new contract. All other changes start a new contract period.

Changing to a higher or equal value plan

Customers can change immediately to a higher or equal value plan in the same series at any time by notifying Pivit via online signup. The current month will be invoiced at the new higher rate. Customers must remain on the higher plan for a minimum of two calendar months (the current month plus one more month). The current contract length and end date is unchanged.

Changing to a lower value plan

Customers can change to a lower value plan in the same series (where the monthly minimum charge decreases) by notifying Pivit via online signup. Changing to the lower plan will take effect from the beginning of the next month and will incur a downgrade fee of \$30.00. The current contract length and end date is unchanged.

Changing Plans to a New Series

Changing to a new product series starts a new contract.

Changing to a higher or equal value plan.

Customers can change immediately to a higher or equal value plan in a new series at any time by notifying Pivit via online signup. The current month will be invoiced at the new higher rate. Customers must remain on the higher plan for a minimum of two calendar months (the current month plus one more month). The current contract length and end date is unchanged.

Changing to a lower value plan.

Customers can change to a lower value plan in a new series (where the monthly minimum charge decreases) by notifying Pivit via online signup. Changing to the lower plan will take effect from the beginning of the next month and will incur a downgrade fee of \$30.00. The current contract length and end date is unchanged.

Changing Plan Length

In addition, Customers can change their current plan length when changing from an old series product to a new series product by notifying Pivit via online signup. Any decrease in current contract length incurs a service establishment charge. See table below.

Service establishment charge if a different contract period is chosen

Current Length of Contract	New Contract Length		
	Month-to-Month	12 Months	24 Months
Month-to-Month	No Fees	No Fees	No Fees
12 Months	\$30.00	No Fees	No Fees
24 Months	\$99.00	\$69.00	No Fees

Early Contract Termination Charges

Pivot internet access customers who selected a 12 or 24-month contract are liable for an early termination charge. The termination charge is based on how far into the current contract you have progressed and is shown in the table below.

Length of Contract	Period of time progressed into the contract			
	0-6 Months	7-12 Months	13-18 Months	19-24 Months
12 Months	\$230.00	\$150.00	N/A	N/A
24 Months	\$300.00	\$230.00	\$150.00	\$100.00

For example, a customer on a 24-month contract who wants to cancel their internet access service after 10 months into the contract (so 14 months to go) will incur a termination fee of \$230. Alternatively, a customer on a 12-month agreement who cancels the service with 2 months to go (so 10 months into the contract) will incur a termination fee of \$150.

Fair Use Policy

The use of Pivit's Residential Internet access service is subject to Pivit's Fair Use Policy. This policy does not set a fixed maximum limit on the amount of data a customer may download or upload, but it does allow Pivit to act if an individual customer consistently downloads or uploads significantly more than the average Pivit Internet access plan.

At the sole discretion of Pivit, should a customer's use of the Pivit Internet access service fall outside Pivit's Fair Use Policy, Pivit reserves the right to restrict or suspend the Internet service to that customer.

Additional Services

Service Name	Service	Details	# SetupCharge	Monthly Charge
RFIP1	Static IP address	Single static IP address ^	# \$25.00	\$5.00

Setup charges are waived if additional service is ordered when the connection is initially activated.

^ Static IP address is from Pivit's domain and is retained by Pivit on termination of service.

Residential Fi-Tel™ Telephone Services

- Pivit's telephone services offer competitive line rentals and call charges.
- Call rates are charged in one (1) second increments for long distance, mobile and international calls.
- Community calls to other Pivit customers on-site are at no cost.
- Advanced telephone features are available including inbound calling line ID, call forwarding, call return, voicemail and voicemail to email (additional charges for some of these services).
- Standard connection time is ten (10) business days from receipt of service activation form (assumes lead-in-cable and internal cabling is suitable and in place)

Customer Service Guarantee

Pivit provides telephone services to customers in accordance with the Customer Service Guarantee Standard (CSG Standard), details of which are available on the Australian Communications and Media Authority website acma.gov.au.

The CSG Standard specifies maximum time-frames that apply to connecting a service, repairing a fault or service difficulty and attending appointments, as well as compensation payable by us if we do not comply with those time-frames.

Fi-Tel™ Telephone Charges

Please note that all prices shown **include** Federal Goods and Services Tax (GST).

Fi-Tel™ Telephone Service Establishment Charges

A service establishment charge applies for Pivit to activate each Fi-Tel™ telephone line.

Service Establishment Charges		Charge
FT1	Fi-Tel™ analogue telephone service. (If an on-site visit is required, an additional charge applies– see below)*	\$60.00 (per line)
<p>PLEASE NOTE:</p> <p>* An on-site visit by a Pivit Technician is required if there has been no previous Pivit telephone service in the premises (for example new homes), or if a second or subsequent service is desired but there has been only one service previously activated.</p> <p>An on-site visit by a Pivit Technician is available if a customer requires assistance in connecting their telephone to the Pivit telephone line.</p>		
OS1	<p>On-site visit. A Pivit Technician is required at the premises to establish the service. (An on-site visit is only charged once if both Internet access and telephone services are established on the same visit).</p>	\$130.00 (per visit)
	<p>PLEASE NOTE: Pivit's technician will test connectivity to the Internet, using a Pivit laptop at the demarcation point (first point in your premises.) If the internal cabling is in place, the technician will patch it across to an outlet designated by you. Cabling within the premises is the responsibility of the customer.</p>	
PI1	Priority install additional charge. Reduce the standard connection time to 8 business hours or less for in-place connections (where a previous Pivit service has existed). In instances where a Pivit technician is required at the premises to establish services, priority install is considered to be 2 business days or less. Pivit will reallocate resources where possible – this service is subject to availability.	\$100.00 (additional charge)
All prices shown INCLUDE GST		

Connection Time

The standard connection time for an **in-place connection** (where a previous Pivit telephone service existed) is two (2) working days from when the completed service activation is received online via the Pivit web site. Add two (2) working days for paper based service activations received via fax, email or post.

The standard connection time where there is **no in-place connection** (no previous Pivit telephone service existed) is ten (10) working days from when the completed service activation is received online via the Pivit web site. Add two (2) working days for paper based service activation forms received via fax, email or post.

Pivit infrastructure must be available to connect services. A lead-in cable along with any internal cabling needs to have been installed and tested prior to Pivit connecting a service.

Fi-Tel™ Monthly Line Rental Charges

Number of Lines	Monthly Line Rental Charge
First line	\$25.00
Second line and subsequent lines	\$20.00

The line rental charge includes the following telephone features: inbound calling line ID display, abbreviated dialling, call forwarding, call return, call transfer, call waiting and call blocking. (See Pivit's web site pivit.com.au for helpful information on using these advanced telephone features).

Additional Fi-Tel™ Telephone Services

Service ID	Service Name	Details	Setup Charge	Monthly Charge
RTOCID1	Outbound Calling Line ID Blocked	Outbound calling line ID is blocked.	#\$25.00	\$1.50
RTSIL1	Silent Number	Outbound calling line ID is blocked and phone number is not published in White Pages.	#\$25.00	\$1.50
RTVM1	Voicemail	Callers can leave a message when you are unable to take call. Record your own personal greeting. Retrieve messages via telephone.	#\$25.00	\$3.00

Setup charge waived if additional service is ordered when line is initially activated.

Types of Call	Call Connection	Rate per Minute*
On-site community calls	Free	Nil
Calls to collect Pivit voicemail	Free	Nil
Local calls	17c	Nil
Long distance calls (within Australia)	15c	18c (capped at \$2.50)
Calls to mobile phones (within Australia)	25c	32c
Calls to 13 numbers (13 xxxx and 1300 xxx xxx)	27.5c	Nil
Calls to 1800 numbers	Free	Nil
Calls to 19xx numbers	Varies per call	Varies per call
International call rates	25c	See Pivit's web site

* Call charges are in one (1) second increments

See Pivit's web site (pivit.com.au) for international call rates by country.

Service and Support

We aim, but do not promise, to provide all Pivit customers with fault-free services.

Service Faults

Service Faults (when your Pivit service is not operating) can be logged 24 x 7. Contact details below.

Pivit needs the following information to log a service fault - Customer number, phone number, service type and how long the service has not been operating. Pivit's Network Engineering Team is notified immediately when a service fault is logged.

Solution Support

Pivit's provides Solution Support assistance in using your Pivit service. Solution Support is available 7am-7pm AEST Monday to Saturday (the coverage window). Outside normal business hours (and in times of peak call volume) please leave a voicemail and a Pivit Customer Service Representative will return your call as soon as possible inside the coverage window.

Pivit needs the following information to log a solution support request: - Customer number, phone number, service type and the support request. Pivit's Support Team is notified in the coverage window when a solution support request is logged.

STANDARD RESPONSE TIMES

Response time

- 2 hour response (phone or email) within the coverage window
- 4 hours (on-site) if required within the coverage window

Support coverage window

- 9am – 5pm Business Days (Australian Eastern Standard Time)

Service restoration target

- Next business day

Support Contact

- **Email:** support@pivit.com.au
- **Online:** (pivit.com.au)
- **Telephone:** 1300 66 33 20
(Leave a voicemail if a Support Team member is unavailable)

General Information

Terms and Conditions

Please refer to Pivit's General Terms and Conditions which are available on Pivit's website – pivit.com.au.

Payments

Telephone line rental and Internet access charges are invoiced monthly in advance. Call charges for telephone services, excess data charges for internet access services (where applicable), and any other charges are invoiced in the following month.

Invoices

Pivit issues electronic invoices monthly via email to a nominated email address. Paper copies can be sent via Australia Post at a cost of \$5.50 per invoice.

Payment Options

Pivit has two payment options for Residential services.

- Automatic payment via direct debit from a nominated bank account.
- Automatic payment via a nominated credit card.

Automatic payment notes:

- Automatic payments require the Direct Debit or Credit Card payment form to be completed.
- Automatic payments occur fourteen (14) days from date of invoice.
- If an automatic payment is declined we will charge you an administration fee of \$20 per invoice.

Reconnection charge

A reconnection charge of \$55.00 applies for services that have been disconnected due to non-payment.

Service Relocation

Customers can relocate their Pivit Fi-Band™ and/ or Fi-Tel™ to new premises on Pivit's network. The following charges apply.

Service Relocation Charges

Pivit Services	Relocation Self Install	Relocation with Technician visit
Pivit Fi-Tel™ telephone service only	* \$60.00	# \$160.00
Pivit Fi- Band™ Internet service only	* \$60.00	# \$160.00
Pivit Fi- Band™ AND Fi-Tel™ services	* \$100.00	# \$200.00

Self install is only available where a previous

Pivit Fi-Tel™ and Fi-Band™ service existed at the new premises. Self install also requires a good knowledge of PC networking and the ability to configure your email application.

* Technician visit. For Fi-Band™ Pivit's Technician will configure and test that a single PC can connect to the Internet and that email can be sent and received. For Fi-Tel™, the Technician will connect and test that a single telephone can make and receive calls.

Please note that cabling within a customer's premise is the responsibility of the customer.

Service Disconnection

Thirty (30) days notice is required for billing to cancel or disconnect services. This notice can be in writing using the Service Disconnection Form or by completing the online form on the Pivit website. Please note the thirty (30) days notice starts on date received.

Service Agreement

We aim, but do not promise, to provide all Pivit customers with fault-free services.

Connecting to the Pivit Network

Telecommunications are supplied to all premises via a lead-in cable from the communications box in the premises to the fibre optic network in the street. The lead-in cable must comply with any Body Corporate covenants to take full advantage of the Pivit services.

All internal premises cabling is the responsibility of the owner or the contractor who installed it. Please contact Pivit on 1300 66 33 20 if you are unsure whether your lead-in cable and/or internal premises cabling is adequate for you to obtain telecommunications services from Pivit. Pivit can arrange to inspect your cabling at a fee of \$70.00.

Next Steps

Questions? For further information or to clarify any of the information above please check the Pivit website at pivit.com.au or call on 1300 66 33 20 or email to info@pivit.com.au.

The service activation form is available for download from pivit.com.au or by contacting Pivit on 1300 66 33 20 to request a copy by email, fax or mail.

Pivit will contact you to arrange your service connections.
