Residential Internet Access and Telephone Services
Pricing and Services Information Guide

About Pivit

Pivit is a licensed telecommunications carrier providing services to communities across Australia. Pivit's network is based on next generation fibre optic infrastructure that enables video, telephone and broadband Internet access. This document provides pricing and information on the services offered by Pivit. The latest version is always available from Pivit's website (pivit.com.au). Please read this document in conjunction with Pivit's General Terms and Conditions.

Residential Internet Access Services

- Pivit's internet access services for residential customers are competitively priced, very high speed broadband internet access services. They are delivered using next generation fibre optic technology.
- Since Pivit's internet access services are delivered using fibre optic infrastructure a telephone connection is not required (like most DSL services), so Pivit customers don't pay for telephone line rental if not required.
- Pivit delivers the service as an Ethernet connection for quick and simple connection to PCs and local area networks. A broadband router is not required but is recommended.
- Pivit provides a number of different internet access plans from entry-level plans for moderate Internet access usage to high volume plans.

Make Your Own Internet Access Plans

Pivit's *Make Your Own* plans allow you the flexibility to choose the components that meet your needs. Choose one option from each plan component, enter the monthly charge in the right-hand column and total the column to calculate your total monthly charge. All *Make Your Own* plans have no excess usage charges.

Pivot Advantage Series *Make Your Own Internet Access Plans*

Step 1 - Choose your plan speed

Plan Components	Component Options with per Month Charge				Enter Monthly Charge Below
ⓘ Plan Speed ⓘ (Download/ Upload)	Up To 25Mbps / 5Mbps Add \$10	Up To 50Mbps / 20Mbps Add \$20	Up To 100Mbps / 40Mbps Add \$30	Up To 200Mbps / 80Mbps Add \$50	

Step 2 - Choose your Monthly data usage plan – (Uploads and downloads)

ⓘ Monthly data usage plan (Uploads & Downloads)	100GB Add \$40	350GB Add \$50	UNLIMITED Add \$60	+
--	-------------------	-------------------	-----------------------	---

Step 3 - Choose to bundle Home Phone

ⓘ Home Phone (with 50 free local calls)	No Home Phone in Bundle Add \$0	Add Home Phone to Bundle Add \$15 (Includes 50 free local calls)	+
--	------------------------------------	--	---

Total Monthly Charge			=
-----------------------------	--	--	---

Step 4 - Choose the period you would like your services

Contract Period	24 Month Contract \$0	1 Month Contract \$99 (Once-off Fee)	+
-----------------	--------------------------	---	---

Step 5 - Choose Router - Contact our Support Team for more information

Router	Router Required \$99 (Once-Off Fee)	No Router Required \$0	+
--------	--	---------------------------	---

Once -Off Fees			=
-----------------------	--	--	---

IMPORTANT INFORMATION

An option from each component is required.

A **once-off service establishment charge** applies for telephone and Internet access services see section below.

All plans are invoiced monthly in advance
 (1,000,000KB = 1,000MB = 1GB or 1 GigaByte)

All plans except for unlimited data plans include a shaping speed of 512Kbps. Please read below for more information

- ⓘ All MYO plans count data uploads and downloads in the monthly data transfer allocation. All prices shown include Federal Goods and Services Tax (GST). Please note that these MYO plans are ONLY available with an automatic payment plan.
- ⊗ The availability of your chosen speed is subject to a service check at your location. Some premises do not have suitable infrastructure to support your chosen speed. PivIt will confirm if your premises are not suitable at time of installation.
- Ⓢ The service is shaped to 512Kbps for the rest of the month after the monthly data transfer allocation is exceeded.
- ⓘ Unused local calls do not carry over to the next month.

Shaping Speed: The slowing down of your connection speed is called 'shaping'. Shaping applies only to the time in which the monthly quota has been exceeded.

Internet Access Service Establishment Charges

A service establishment charge applies to establish a Pivit Internet access service. A lead-in cable (from the street to your premises) needs to be already connected for the service to be established. If a lead-in cable is not already connected to the premises then Pivit can coordinate this installation and will provide a quotation if required.

Service Establishment Charge		Charge
FB24	Fi-Band™ Internet Access service. 24-Month contract. (If an on-site visit is required, an additional charge applies– see below)*	\$0.00 (per service)
FB1	Fi-Band™ Internet Access service. 1-Month (No lock in) contract. (If an on-site visit is required, an additional charge applies– see below)*	\$99.00 (per service)
PLEASE NOTE:		
* An on-site visit by a Technician is required if there has been no previous Pivit Internet access service in the premises (for example, new homes). An on-site visit fee may apply and will be advised before booking.		
* An on-site visit by a Technician is available if a customer requires assistance in connecting their computer/router to the Network infrastructure.		
OS1	On-site visit. A Pivit Technician is required at the premises to establish services. (An on-site visit is only charged once if both Internet access and telephone services are established on the same visit).	\$130.00 (per visit)
	PLEASE NOTE: Pivit's Technician will connect and test that a single customer PC can connect to the Internet and that email can be sent and received. Cabling within a customer's premise is the responsibility of the customer.	
PI1	Priority install additional charge. Reduce the standard connection time to 8 business hours or less for in-place connections (where a previous Pivit service has existed). In instances where a Pivit technician is required at the premises to establish services, priority install is considered to be 2 business days or less. Pivit will reallocate resources where possible – this service is subject to availability	\$100.00 (additional charge)
	Router - If you don't currently have a router, you can purchase one (including delivery).	\$99.00
	First Connection Fee - If an internet and/or telephone connection has never been established at your premises, a once off \$300 connection fee applies	\$300.00
All prices shown INCLUDE GST		

Connection Time

The standard connection time for an **in-place connection** (where a previous Pivit Internet access service existed) is two (2) to seven (7) working days from when the completed service activation is received online via the Pivit website. Add two (2) to four (4) working days for paper based service activations received via fax, email or post.

The standard connection time where there is no in-place connection (no previous Pivit Internet access service existed) is ten (10) working days from when the completed service activation is received online via the Pivit website. Add two (2) to four (4) working days for paper based service activation forms received via fax, email or post.

Network infrastructure must be available to connect services. A lead-in cable along with any internal cabling needs to have been installed and tested prior to Pivit connecting a service.

Changing Plans or Products

Customers can change their plan speed or monthly data allocation. We aim to change your plan as quickly as possible to ensure minimal inconvenience to you. It is estimated that the time frame for a plan change is one (1) to three (3) business days.

Changing Plans When In Contract

You can change your plan whilst in contract by notifying Pivit via online signup or via this plan change form. All changes to a higher or equal value plan can be made within the time frame specified above. Any change to a lower value plan (where the monthly minimum decreases) will take effect from the beginning of the following calendar month and will incur a \$30.00 downgrade fee. Your current contract length and end date will remain unchanged if you choose the same contract length that you currently have.

Changing Plans When Out Of Contract

You can change your plan whilst out of contract by notifying Pivit via online signup or via a plan change form. A plan change fee of \$55.00 will be charged per plan change request. This fee is waived if you choose to enter into a new 24-month contract. All changes to a higher or equal value plan can be made within the time frame specified above. Any change to a lower value plan (where the monthly minimum decreases) will take effect from the beginning of the following calendar month.

Early Contract Termination Charges

Pivit internet customers who choose 24 month contracts are liable for an early termination charge should the service be disconnected prior to the agreed contract expiring. This is charged at \$15.00 per month for the remaining contract period. For example, a customer who requests to terminate their service with 10 months remaining in their contract will incur an early termination fee of \$150.00.

Fair Use Policy

The use of Pivit's Residential Internet access service is subject to Pivit's Fair Use Policy. This policy does not set a fixed maximum limit on the amount of data a customer may download or upload, but it does allow Pivit to act if an individual customer consistently downloads or uploads significantly more than the average Pivit Internet access plan.

At the sole discretion of Pivit, should a customer's use of the Pivit Internet access service fall outside Pivit's Fair Use Policy, Pivit reserves the right to restrict or suspend the Internet service to that customer.

Additional Services

Service Name	Service	Details	# Setup Charge	Monthly Charge
RFIP1	Static IP address	Single static IP address ^	# \$25.00	\$5.00

Setup charges are waived if additional service is ordered when the connection is initially activated.
^ Static IP address is from Pivit's domain and is retained by Pivit on termination of service.

Location Specific Information

Coomera Waters Fees and Charges

The Coomera Waters network is subject to specific terms due to the ownership transfer in 2017 from the Coomera Waters developer to a third-party network supplier. If you reside in the Coomera Waters area please read carefully. Applicable fees related to incorrect faults including technician call outs are listed below.

Code	Name	Service Description	Charge
F1	No Fault Found (No Site Visit)	Where a (customer) end-user reported a fault and the issue was found not to be within the third-party network suppliers demarcation boundary, but no site visit was required.	\$50.00 (per service)
F2	No Fault Found (Site Visit)	Where a customer (end-user) reported a fault and the issue was found not to be within the third-party network suppliers demarcation boundary and required a site visit. *Labor rate (currently \$150 per hour, minimum 2 hours).	\$150.00
F3	Late Cancellation	Where a site visit has been scheduled with a customer (end-user) for a new service and was cancelled less than 8 hours prior to the scheduled appointment.	\$150.00
F4	Fault Missed Appointment	Where a site visit was scheduled and the customer (end-user) missed the appointment.	\$150.00
F5	On Site Service	Where a home owner requests a technician to undertake support or work beyond the third-party network suppliers demarcation boundary.	\$75.00 (per half hour)

*** Demarcation point** - Also known as a boundary point or network boundary point, a demarcation point is the physical point at which the public network of a telecommunications company ends and the private network of a customer/end user begins. This is where the cable physically enters a building.

Residential Fi-Tel™ Telephone Services

- Pivit's telephone services offer competitive line rentals and call charges.
- Call rates are charged in one (1) second increments for long distance, mobile and international calls.
- Community calls to other Pivit customers on-site are at no cost.
- Advanced telephone features are available including inbound calling line ID, call forwarding, call return, voicemail and voicemail to email (additional charges for some of these services).
- Standard connection time is ten (10) business days from receipt of service activation form (assumes lead-in-cable and internal cabling is suitable and in place)

Customer Service Guarantee

Pivit provides telephone services to customers in accordance with the Customer Service Guarantee Standard (CSG Standard), details of which are available on the Australian Communications and Media Authority website acma.gov.au.

The CSG Standard specifies maximum time-frames that apply to connecting a service, repairing a fault or service difficulty and attending appointments, as well as compensation payable by us if we do not comply with those time-frames.

Fi-Tel™ Telephone Charges

Please note that all prices shown **include** Federal Goods and Services Tax (GST).

Fi-Tel™ Telephone Service Establishment Charges

A service establishment charge applies for Pivit to activate each Fi-Tel™ telephone line.

Service Establishment Charges		Charge
FT1	Fi-Tel™ analogue telephone service. (If an on-site visit is required, an additional charge applies– see below)*	\$60.00 (per line)
<p>PLEASE NOTE:</p> <p>* An on-site visit by a Technician is required if there has been no previous Pivit telephone service in the premises (for example new homes), or if a second or subsequent service is desired but there has been only one service previously activated.</p> <p>An on-site visit by a Technician is available if a customer requires assistance in connecting their telephone to the Pivit telephone line.</p>		
OS1	<p>On-site visit. A Technician is required at the premises to establish the service. (An on-site visit is only charged once if both Internet access and telephone services are established on the same visit).</p> <p>PLEASE NOTE: Pivit's technician will test connectivity to the phone, at the demarcation point (first point in your premises.) If the internal cabling is in place, the technician will patch it across to an outlet designated by you. Cabling within the premises is the responsibility of the customer.</p>	\$130.00 (per visit)
PI1	<p>Priority install additional charge. Reduce the standard connection time to 8 business hours or less for in-place connections (where a previous Pivit service has existed). In instances where a technician is required at the premises to establish services, priority install is considered to be 2 business days or less. Pivit will reallocate resources where possible – this service is subject to availability.</p>	\$100.00 (additional charge)
All prices shown INCLUDE GST		

Connection Time

The standard connection time for an **in-place connection** (where a previous Pivit telephone service existed) is two (2) to seven (7) working days from when the completed service activation is received online via the Pivit website. Add two (2) to four (4) working days for paper based service activations received via fax, email or post.

The standard connection time where there is **no in-place connection** (no previous Pivit telephone service existed) is ten (10) working days from when the completed service activation is received online via the Pivit website. Add two (2) to four (4) working days for paper based service activation forms received via fax, email or post.

Network infrastructure must be available to connect services. A lead-in cable along with any internal cabling needs to have been installed and tested prior to Pivit connecting a service.

Fi-Tel™ Monthly Line Rental Charges

Number of Lines	Monthly Line Rental Charge
First line	\$25.00
Second line and subsequent lines	\$20.00

The line rental charge includes the following telephone features: inbound calling line ID display, abbreviated dialling, call forwarding, call return, call transfer, call waiting and call blocking. (See Pivit's web site pivit.com.au for helpful information on using these advanced telephone features).

Additional Fi-Tel™ Telephone Services

Service ID	Service Name	Details	Setup Charge	Monthly Charge
RTOCID1	Outbound Calling Line ID Blocked	Outbound calling line ID is blocked.	#\$25.00	\$1.50
RTSIL1	Silent Number	Outbound calling line ID is blocked and phone number is not published in White Pages.	#\$25.00	\$1.50
RTVM1	Voicemail	Callers can leave a message when you are unable to take call. Record your own personal greeting. Retrieve messages via telephone.	#\$25.00	\$3.00

Setup charge waived if additional service is ordered when line is initially activated.

Call Rates

Types of Call	Call Connection	Rate per Minute*
On-site community calls	Free	Nil
Calls to collect Pivit voicemail	Free	Nil
Local calls	17c	Nil
Long distance calls (within Australia)	15c	18c (capped at \$2.50)
Calls to mobile phones (within Australia)	25c	32c
Calls to 13 numbers (13 xxxx and 1300 xxx xxx)	27.5c	Nil
Calls to 1800 numbers	Free	Nil
Calls to 19xx numbers	Varies per call	Varies per call
International call rates	25c	See Pivit's web site

* Call charges are in one (1) second increments

See Pivit's web site (pivit.com.au) for international call rates by country.

General Information

Terms and Conditions

Please refer to Pivit's General Terms and Conditions which are available on Pivit's website – pivit.com.au.

Payments

Telephone line rental and Internet access charges are invoiced monthly in advance. Call charges for telephone services, excess data charges for internet access services (where applicable), and any other charges are invoiced in the following month.

Invoices

Pivit issues electronic invoices monthly via email to a nominated email address. Paper copies can be sent via Australia Post at a cost of \$5.50 per invoice.

Payment Options

Pivit has two payment options for Residential services.

- Automatic payment via direct debit from a nominated bank account.
- Automatic payment via a nominated credit card.

Automatic payment notes:

- Automatic payments require the Direct Debit payment form to be completed.
- To supply a credit card for use of automatic payments, please call 1300 66 33 20.
- Automatic payments occur fourteen (14) days from date of invoice.
- If an automatic payment is declined we will charge you an administration fee of \$20 per invoice.

Reconnection charge

A reconnection charge of \$55.00 applies for services that have been disconnected due to non-payment.

Service Relocation

Customers can relocate their Pivit Fi-Band™ and/or Fi-Tel™ to new premises on Pivit's network. The following charges apply.

Service Relocation Charges

Pivit Services	Relocation Self Install	Relocation with Technician visit
Pivit Fi-Tel™ telephone service only	* \$60.00	# \$160.00
Pivit Fi- Band™ Internet service only	* \$60.00	# \$160.00
Pivit Fi- Band™ AND Fi-Tel™ services	* \$100.00	# \$200.00

Self install is only available where a previous Pivit Fi-Tel™ and Fi-Band™ service existed at the new premises. Self install also requires a good knowledge of PC networking and the ability to configure your email application.

* Technician visit. For Fi-Band™ Pivit's Technician will configure and test that a single PC can connect to the Internet and that email can be sent and received. For Fi-Tel™, the Technician will connect and test that a single telephone can make and receive calls.

Please note that cabling within a customer's premise is the responsibility of the customer.

Service Disconnection

Thirty (30) days notice is required for billing to cancel or disconnect services. This notice can be in writing using the Service Disconnection Form or by completing the online form on the Pivit website. Please note the thirty (30) days notice starts on date received.

Service Agreement

We aim, but do not promise, to provide all Pivit customers with fault-free services.

Connecting to the Pivit Network

Telecommunications are supplied to all premises via a lead-in cable from the communications box in the premises to the fibre optic network in the street. The lead-in cable must comply with any Body Corporate covenants to take full advantage of the Pivit services.

All internal premises cabling is the responsibility of the owner or the contractor who installed it. Please contact Pivit on 1300 66 33 20 if you are unsure whether your lead-in cable and/or internal premises cabling is adequate for you to obtain telecommunications services from Pivit. Pivit can arrange to inspect your cabling at a fee of \$70.00.

Next Steps

Questions? For further information or to clarify any of the information above please check the Pivit website at pivit.com.au or call on 1300 66 33 20 or email to info@pivit.com.au.

The service activation form is available for download from pivit.com.au or by contacting Pivit on 1300 66 33 20 to request a copy by email, fax or mail.

Pivit will contact you to arrange your service connections.

Service and Support

We aim, but do not promise, to provide all Pivit customers with fault-free services.

Service Faults

Service Faults (when your Pivit service is not operating) can be logged 24 x 7. Contact details below.

Pivit needs the following information to log a service fault - Customer number, phone number, service type and how long the service has not been operating. Pivit's Network Engineering Team is notified immediately when a service fault is logged.

Solution Support

Pivit provides Solution Support assistance in using your Pivit service. Solution Support is available 7am-7pm AEST Monday to Saturday (the coverage window). Outside normal business hours (and in times of peak call volume) please leave a voicemail and a Pivit Customer Service Representative will return your call as soon as possible inside the coverage window.

Pivit needs the following information to log a solution support request: - Customer number, phone number, service type and the support request. Pivit's Support Team is notified in the coverage window when a solution support request is logged.

STANDARD RESPONSE TIMES

Response time

- 2 hour response (phone) within the coverage window
- 4 hours (on-site) if required within the coverage window

Please note these response times may increase if an unusually large outage affects our network that causes abnormally high call volumes.

Support coverage window

- 9am – 5pm Business Days (Australian Eastern Standard Time)

Service restoration target

- Next business day

Please note: Our team will respond within the time frames listed when a fault is logged. Whilst our team will endeavor to rectify your fault as soon as possible, our service restoration target is next business day as there may be other factors involved in restoring your service that cannot be completed outside of business hours.

Support Contact

- **Email:** support@pivit.com.au
- **Online:** (pivit.com.au)
- **Telephone:** 1300 66 33 20
(Leave a voicemail if a Support Team member is unavailable)
